EDUCATION

Bachelor of Technology (B.Tech) in Electronics Engineering
Kamla Nehru Institute of Technology

2021 – 2025
CGPA: 7.15/10

EXPERIENCE

Full Stack Developer Intern, Navodita Infotech

Aug 2025 – Sept 2025

- Developed a **MERN-based E-Commerce web app** with reusable components and modular APIs.
- Optimized **MongoDB queries and API structure**, achieving nearly **20% faster response time**.
- Engineered **RESTful APIs** for product, cart, and order modules with clean MVC architecture.
- Deployed the project on **Vercel + MongoDB Atlas** and verified functionality with 100+ test cases.

SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Vite, WPF
Backend	Node.js, Express.js, ASP.NET Core, .NET MVC, REST APIs, Web API
Database	MongoDB, SQL Server, MySQL
Programming	JavaScript, C++, C#, Java, Python, SQL
Frameworks	Entity Framework, ASP.NET Identity
Cloud	AWS (EC2/S3 basics), Azure (Basics)
Tools	Git, GitHub, VS Code, Visual Studio, Netlify, Vercel
Core CS	Data Structures & Algorithms, OOP, OS, DBMS, SDLC

PROJECTS

ShareApp – Social Media Image Sharing Platform

[Project Link](#)

- Built an ASP.NET Core MVC full-stack web app with EF Core and Tailwind, featuring 50+ user-shared posts.
- Integrated Google OAuth and engagement features (profiles, likes, comments, search) using ASP.NET Identity.
- Designed and optimized **RESTful APIs** for user-generated content, improving response time by 15%.
- Ensured responsive, cross-browser UI across 10+ devices with server-side rendering for faster load times.

Green Cart – E-Commerce Web Application

[Project Link](#)

- Built a **MERN stack** e-commerce platform with React.js (Vite) frontend, Node.js/Express.js backend, and MongoDB database, serving 40+ products.
- Developed reusable UI components and implemented CRUD, JWT auth, and product/order workflows for better user experience.
- Added admin/user role-based access and payment simulation, improving security across 3 core modules.
- Deployed on **Vercel** with backend on **MongoDB Atlas**, tested with 100+ sample entries.

ACHIEVEMENTS & CERTIFICATIONS

- Solved **100+ LeetCode problems** improving DSA skills (arrays, hashing, recursion, OOP).
- Secured **top 10%** position in multiple college coding contests and hackathons.
- Certified in C# (Backend development fundamentals) from Simplilearn
- Certified in ASP.NET (Web application development) from Simplilearn
