Hapur, Uttar Pradesh - 245101, India

OBJECTIVE

Enthusiastic and detail-oriented 4th-year B.Tech student in Computer Science. Seeking an internship in Machine Learning or Software Development to apply my skills in Python, Data Structures, and Web Development while solving real-world problems.

EDUCATION

- **ABES Engineering College** 2022 - 2026
B.Tech in Computer Science
◦ CGPA: 8.06/10
Ghaziabad, India
- **Dewan Public School** 2022
InterMediate
◦ Grade: 94.33%
Hapur, India
- **Dewan Public School** 2020
High school
◦ Grade: 94.16%
Hapur, India

EXPERIENCE

- **IBM Virtual Internship – Artificial Intelligence** 
IBM Developer Skills Network July 2025
◦ Completed a virtual internship focused on Artificial Intelligence & Machine Learning.
◦ Built a Salary Prediction Web App using Python and Scikit-learn models, achieving 95% prediction accuracy.
◦ Built an interactive Streamlit dashboard delivering real-time salary forecasts to 10+ users, featuring responsive UI.

SKILLS

- **Programming Languages:** Python, C++, Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Frameworks & Libraries:** React.js, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Streamlit
- **Database Systems:** MySQL
- **Version Control & Deployment:** Git, Github, Netlify
- **Data Structures and Algorithms (DSA), Object Oriented Programming (OOP) & Problem Solving**

PROJECTS

- **Movie List** Oct 2025  
Tools: React.js, Fetch API
◦ Developed a dynamic movie list application allowing users to browse movies.
◦ Implemented a user-friendly UI/UX with responsive design, enhancing accessibility across devices.
◦ Integrated external API to fetch real-time movie data, including ratings, descriptions, etc.
- **Salary Prediction** July 2025  
Tools: Python, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Streamlit
◦ Developed a Salary Prediction App that leverages ensemble machine learning to predict salaries based on demographic and professional features.
◦ Performed data preprocessing, feature engineering, and evaluated models using R^2 and MAE, deploying the app with Streamlit.
- **Employee Management System** 2023-2024  
Tools: Html, Css, Javascript, Php
◦ Dynamic online platform designed to facilitate the management of the employees working in an organization.
◦ Implemented PHP for backend user authentication, enabling secure login and logout functionalities.

ACHIEVEMENTS AND CERTIFICATIONS

- **LeetCode:** 200+ Problems Solved, 50-day badges
- **CodeChef:** Actively participating in CodeChef contests, highest rating 1330
- **HackerRank:** 4-star in Python, 3-star in Problem Solving
- **PCAP: Programming Essentials in Python course:** Offered by Cisco Networking Academy
- **Introduction to Cybersecurity:** Offered by ABES Engineering college through the Cisco Networking Academy
- **HackerRank Python Certificate**
- **HackerRank Problem Solving Certificate**
